

THE WEEKLY GRAPHIC

T. E. SUBLETTE, Proprietor.

KIRKSVILLE, MISSOURI.

FRIDAY, MAY 25, 1894.

GRAPHICS.

Mrs. Leech has the best millinery. Eleven were baptized last Sunday at the M. E. church.

Jimmy D. Reed has a contract for street work at Milan.

Mr. Leofler who was injured by a runaway horse nearly two weeks ago, does not improve.

J. M. Ivie will furnish 100,000 brick for the water works. These will be used in the reservoir and power house.

Rev. Walker will hold a basket meeting at Baden Springs the first Sunday in June. Rev. E. Roszell, of this city, will assist in the services.

Next Sunday will be Childrens Day at the M. E. church South. The Pastor will preach in the morning; childrens service at night.

Reception of Probationers next Sunday morning at the Methodist Episcopal church, and at night the Rev. O. S. Middleton of Louisiana will preach.

New pupils are entering the Richard Wagner Conservatory of music almost daily. During the last three weeks the number of newcomers was ten.

Jos. Ivie is now working thirty men and boys at his brick factory west of town. A few more industries of this kind would be a great help to Kirksville.

B. F. Stanton recently sold large orders of queensware at Moberly, Lancaster, Brasher, Stahl and Milan. There is no doubt that he is selling queensware cheaper than any other house in the state.

William Schockey and little son thirteen years old, of Wilson township, are cultivating 90 acres of corn. Thirty acres now average seven inches in height, and the entire crop is large enough to cultivate.

All old soldiers are invited to call at the Kirksville candy factory Decoration day, and see the picture entitled "The March to the Sea." If you would have the memories of that remarkable march revived don't fail to see this picture.

Harry McCahan, proprietor of the Danforth and Stahl mines recently opened at a depth of 75 feet a vein of coal that is the finest coal yet mined in the Chariton coal fields. The vein is thirty inches in thickness and is pure coal free from sulphur and stone.

The Quincy, Omaha & Kansas City Ry. will sell round trip tickets on Decoration Day at one fare. Tickets good going on day of sale. For returning passage the limit to points east of Kirksville will be the day of sale; to points west of Kirksville to May 31.

Geo. W. Owenby went on a fishing and hunting expedition to the lower iron bridge last Saturday. He returned with one cat fish that weighed 21 pounds and 11 squirrels. This was not a bad day's work and excites the envy of some of Mr. Owenby's less fortunate fellow sportsmen.

During the summer term of Richard Wagoner Conservatory of Music, there will be two new teachers of great ability and experience, one to conduct the kindergarten musical class, the other to teach piano. The summer school begins June 19th. Don't forget the tuition is ever so much cheaper than during the rest of the year. Classes will be formed in history of music, in primary harmony and in German, tuition for the term \$3.00 and \$4.00, two lessons per week. Please ask or send for circulars. Address E. M. Goldberg.

The hunt for the Taylor brothers in the neighborhood of Novinger has been abandoned. If they are in this part of the country it is probable that they are in the neighborhood of their own homes. The country round Brownings affords excellent hiding places, and makes them easily accessible to their friends, who, there is no doubt, have been aiding them to avoid the officers. The rumors that they were seen in the neighborhood of Novinger last Friday afternoon caused a diligent hunt to be made in that vicinity Sunday and Monday, but it resulted in nothing but wasted energy.

Circuit court has been in session this week and a number of civil cases of no great importance have been disposed of. The case of Salyer vs Daugherty which was brought here from Macon county on a change of venue was the most important. In this case Daugherty had sued Salyer for \$5000 damages, on account of bodily injuries sustained at the hand of Salyer. Daugherty and Salyer's son were engaged in a rough and tumble fight at Sue City, and Daugherty had Young Salyer down, and punishing him without stint. When Salyer saw the predicament of his son he grabbed a piece of plank and struck Daugherty on the right side of the head rupturing a blood vessel of the brain which caused him to become partially paralyzed. Daugherty brought suit for \$5000 damages, and a change of venue was taken to Kirksville. The suit was continued until the October term of court. About thirty witnesses were in attendance from Macon county.

Passengers will leave at 8:40 a. m. and arrive at St. Louis at 3:40 p. m. and returning will leave St. Louis 11:40 a. m. Monday. This will give the excursionists Sunday in St. Louis, and opportunity to visit Shaw's garden which is open only one Sunday in each year.

An insurance case that has excited considerable interest was compromised in circuit court Thursday. It was the case of Dr. Snyder vs the German Insurance company. Dr. Snyder made application through a Kirksville agency for \$1000 insurance on his store at Millard. It was the Doctor's understanding that his property was insured until his policy was rejected by the company. Before the rejection of his policy by the company, his store was burned. The company refused to pay and Dr. Snyder brought suit to recover the \$1000. The company compromised Thursday by paying him \$500.

A week from next Saturday, June 2nd, little Minta Lee Rice, one of the greatest musical wonders will give a concert here. She surpasses Blind Boone. Though but six years old, she plays from memory sixty pieces on the piano, and thirty of these, she composed herself. Last summer she delighted large audiences at the World's Fair with her charming playing. Now on her artists trip, she is going to visit our city too. Prof. Bradford the great musical professor of Hamburg, Iowa, a graduate of the London Conservatory of Music, England, says of her: "She is the most wonderful child to which it has been my pleasure to listen. I have heard many so called artists in this country and the old, but never one to equal this little wonder." Similarly speak the ministers of the various churches, for the benefit of which she played. At her concert at the Opera House here she will be assisted by the best talent of the Richard Wagoner Conservatory of Music. Excursions from neighboring towns ought to come over on that day. The churches and christian endeavor societies and the Normal school are expected to send full delegations. Parents should accompany their children. Tickets to be secured at the Normal Book Store and at the Richard Wagner Conservatory of Music at 25 cts and reserved at 35 cts. Saturday, June 2nd at the Opera House.
